

“Custom is Standard” at Door Components The Best Stock Doors and Frames You Can Buy

We are proud to say that each stock door and frame is made to order in our state-of-the-art manufacturing facility in Southern California, using the same material that goes into our custom doors and frames.

- **Same-day pickup;** next day-delivery to five Southern California counties.
- **Lower prices** than custom doors and frames.
- **All manufacturers' hinge and lock locations are supported,** including combining multiple manufacturers' locations on a single order. It also includes multiple manufacturers' hardware preps.
- **Variety of features** often not available with stock products, including cutouts for louvers and lites, precision function holes, both Honeycomb and Polystyrene core doors, and up to 8 foot tall doors and frames.
- **Custom quality,** including galvanized steel, precision cut on the same manufacturing line as our custom products.

Our new 94,000-square-foot manufacturing facility was designed for custom fabrication of every single hollow metal door and frame with superior quality and on-schedule completion. In addition to our one-day stock program we also have the fastest custom product delivery in the industry.

When is a custom door or frame the better decision?

StockPlus doors and frames are available in defined sizes and materials, specifically in polystyrene and honeycomb core doors types, and in KD drywall and masonry frames. While we offer a wide variety of stock options, it is less than is available for custom orders.

Our motto for custom products is “If you can imagine it, we can build it”. We can manufacture almost every possible size, shape, and finish of doors and frames, and deliver it in 10 days or less.

Custom door types include:

- Honeycomb Core
- Polystyrene Core
- Steel Stiffened Core
- Temperature Rise Core
- Stainless Steel
- Radiation Shielding
- Sound Transmission Control - STC
- Rail and Stile
- Dutch Door
- Bullet Resistant Core

Custom doors also offer the following options:

- Integral Lite Option
- Integral Louver Option
- Fire Rating Option
