

New! Lower Pricing on Stock Frames;
New! Now up to 8-0 in Height

Effective immediately Door Components has lowered prices on every one of its stock frames, making them a great value. They are now also available up to 8-0 in height, providing additional options in a stock frame.

Every frame is made of the same A60 galvanized baked-on primer as the custom frames, and every stock frame comes with anchors and includes silencer holes.

Stock frames are available in KD Drywall and in Masonry.
