New Offerings for Hollow Metal Stock Doors and Frames

StockPlus Offers Choices Plus Same Day Availability

June 28, 2010 FONTANA, Calif. — Door Components has expanded its stock door and frame program, adding new capabilities in door materials and door heights while maintaining the “order in by 10 a.m., pick up at 4 p.m.” same day schedule.

Stock doors are now available with a polystyrene core, in addition to honeycomb. Door and frame heights are now up to 8-0.

The company also announced an expanded delivery network in Southern California using the company’s fleet of trucks. Next day delivery is now available in five southern California counties – Riverside, San Bernardino, San Diego, Orange and Los Angeles. Delivery is available to other geographies and can be arranged by the company.

Company president Bob Briggs said, “We built our manufacturing facility to create custom doors and frames very quickly. These capabilities are equally valuable in crafting each stock door and frame to order in one day. The name StockPlus™ reflects a stock program with lots of choices for our clients. ”

Door Components stock doors and frames includes quality and flexibility options including:

- All manufacturers’ hinge and lock locations
- Galvannealed on all surfaces inside and outside
- Stock doors can be rated up to 3 hours
- No minimum order quantity
- Order by 10 a.m. Monday through Friday and pick up at 4 p.m. same day
- Next day delivery in five Southern California counties

Details on the stock doors are posted on the company website http://www.doorcomponents.com/Products/doors_StockDoors.htm. Frame information is at <http://www.doorcomponents.com/frames.htm>.

Sales information is available by calling the company at (866) 989-3667 or sending an email request to sales@doorcomponents.com.
